

WAC 458-53-080 Real property sales sample selection. (1) **Sales included.** Except as provided in subsection (2) of this section, the sales study shall consider all transactions involving a warranty deed or a real estate contract that occurred during the eight-month period described in WAC 458-53-070(2). Sales of mobile homes shall also be included in the real property ratio study when the mobile home meets the definition of real property as defined in RCW 84.04.090. In the case of a county generated sales study (see WAC 458-53-100), the county may use a representative sample of all such transactions with the prior written approval of the department.

(2) **Sales excluded.** Sales or transfers of real property involving instruments other than a warranty deed or real estate contract shall not be considered in the sales study. The following types of sales transactions are examples of sales to be excluded from the sales study, regardless of the type of sale instrument used. Differences from the numerical coding designations set forth in this example may be used by individual counties with prior approval from the department.
